L-Series Wall Mouning Brackets

Goldstone HVACR Inc’s heavy duty design L-bracket has been rigorously tested to make installation simple and quick. Featuring heavy duty construction and compact size, our L-shaped mounting bracket is ideal for installation in commercial and residential settings.

Available with a 30”, 36” or 42” horizontal section.

Compatible with most mini-split air conditioning or heat pump air cooled condensing units.

Designed to keep the equipment elevated, away from dirt, grass clippings and snow.

MB3016

MB3618 & MB4218
